SOUTH CAROLINA ORGAN & TISSUE RECOVERY SERVICES

know the facts

Pam
South Carolina Donor Mom

Over 1,800 people in South Carolina are waiting for a life-saving organ transplant.

Donor registration status does not impact the level of care you receive at the hospital.

Do not rule yourself out because of medical history or age. You could be someone's hero.

All major religions in the United States support organ donation as a last gift of generosity.

An open casket funeral is still possible after organ, eye and tissue donation.

There is no cost to the family for donation.
